Message from Executive Director Faith Pullen

Hello members, partners and friends!

Fall is finally upon us and the trees, with their falling leaves, remind us every year how important it is to let things go. Releasing the old makes way for new growth and opportunity. At FACA, we embrace the new season and take this time to reflect and plan exciting innovative things for the network.

One of our primary goals as an association is to provide the highest quality of training for the Florida Community Action Network. I am excited to announce that FACA will be delivering customized regional trainings. These trainings are designed based on your feedback to the Annual Training Survey and your participation in the regional discussion groups. I invite you to use the map included in this issue to familiarize yourself with your region.

Thank you to everyone who supports FACA. I hope to see you around the state and maybe we can enjoy a pumpkin latte during one of the sessions!
